Ohio Ag Net is Ohio's largest and most recognized farm radio network in the state. The staff of Ohio Ag Net brings years of experience and an intimate knowledge of Ohio's Agriculture to the airways on more than 60 stations daily. Farmers are very mobile and still rely heavily on their local radio station for daily farm news and information. In fact according to the National Association of Farm Broadcasting's latest research, radio is the number one source farmers rely on for daily farm information.

The Ohio Ag Net broadcast team knows Ohio's agriculture, understands the issues and news cycles and delivers daily broadcasts that are informative and vital to the daily operation of today's farms.

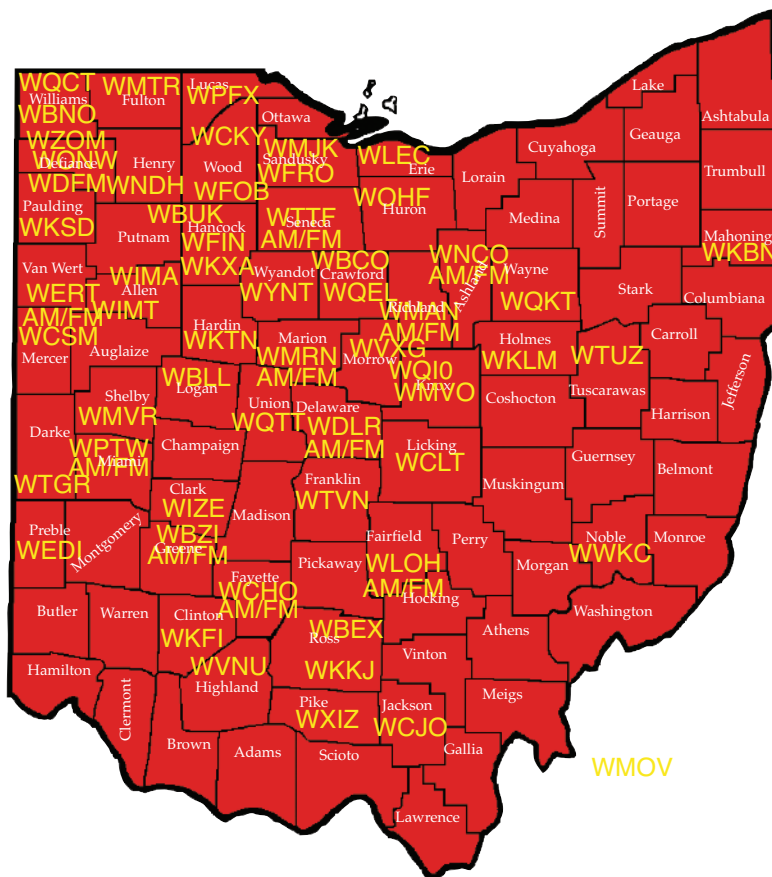

- **Team of veteran farm broadcasters.**
- **Three hours of farm programming aired daily on 65 stations throughout Ohio.**
- **Live broadcasts from more than 75 agricultural events through Ohio.**

Remote Broadcasts

Broadcast Includes:

- Your company or event becomes the news for the day.
- Interviews with employees, sponsors or exhibitors of your choice on the Ohio Ag Net programs.
- Three days worth of mentions prior to the broadcast.

The Broadcast:

- We will arrive between 9 and 9:30 a.m. to set up the Ohio Ag Net Mobile Studio.
- We will need parking in proximity to the broadcast location for the Ohio Ag Net Truck and Mobile Studio (approximately 35 feet with truck). Dale will need to be able to drive out of the location around 1 p.m.

- The Ohio Ag Net broadcast takes place between 10:30 a.m. to 12:15 p.m.
- Each broadcast is carried by various stations, so we can use a guest more than once. Up to four guests are welcome.
